While creative vision may appear to be inherent, it takes passion, drive and dedication to achieve. So it is with Kat Black. As the owner and principal designer at Kat Black Interiors, she brings a wide range of skills and talents that she's perfected over the course of her life and career. "I had 15 years of creative and business experience in the design industry before taking a leap of faith and opening my firm in 2021," Black says. "That path has provided me with the tools I need to achieve success for myself and my clients." Known for designing livable, luxury spaces with a nod to contemporary style, Black's unique expertise and collaborative spirit are what take her projects to the next level. "I help guide my clients to make the best design decision for them," she shares. "After all, their homes should reflect who they are and inspire them to live their best lives."
